### Service Events

We will spend the **last Thursday of each month** in May through July (May 30, June 27, and July 25) partnering with the Urban Farming Guys ([theurbanfarmingguys.com](http://theurbanfarmingguys.com)) for service projects. UFG is an organization that helps disadvantaged communities rebuild from within through a variety of programs, including a greenhouse, a robotic space, and more. Our service projects will vary but will include gardening projects and learning opportunities. Stay tuned for more information via text and email.
